

Everglades Foundation

ForEverglades Scholarships 2017

The Everglades Foundation provides scholarships for advanced research in support of the restoration of America's Everglades. The Foundation is committed to supporting graduate research students actively pursuing the development of innovative scientific methods to advance the understanding of Everglades science.

ForEverglades Scholarships

The Everglades Foundation Scholarships are open to full-time graduate students from all academic institutions pursuing degrees in sciences and engineering. Applicants will be evaluated based on their research impact and relevance to [Everglades restoration](#). Cross-disciplinary research efforts are of special interest.

FAU Harbor Branch ForEverglades Scholarship

The FAU HBOI ForEverglades scholarships are open to full-time graduate students from Florida Atlantic University (FAU) pursuing degrees in sciences and engineering conducting Greater Everglades related research. Preference will be given to students enrolled in an FAU Marine Science and Oceanography degree program who have a Harbor Branch Oceanographic Institute (HBOI) research faculty advisor (chair of the student's thesis or dissertation committee). FAU graduate students with HBOI faculty member/s serving on their thesis and dissertation research advisory committee would be eligible if the research ties into HBOI and Everglades Foundation research areas. Applications from FAU graduate students not linked to HBOI will be examined on a case by case basis. A specific list of research areas of special interest can be found on our [website](#).

FIU ForEverglades Scholarship

Florida International University graduate students pursuing Everglades restoration related research are also eligible for the FIU ForEverglades Scholarship. This scholarship will be awarded to full-time graduate students enrolled in or accepted for admission to FIU who are pursuing Everglades restoration-related research in the School of Environment, Arts and Society in the College of Arts & Sciences.

AWARDS

Scholarships provide up to \$20,000 for PhD students and \$10,000 for Masters students. Funds may go towards stipends, tuition fees, travel, and other research-related expenses. The amount of money associated with the scholarship is subject to change. The number of scholarships awarded depends on the number and quality of applications.

THE APPLICATION PROCESS

A checklist of items to be included in the submission package and research priorities can be found at:

evergladesfoundation.org/opportunities/fellowships-scholarships

Applications must be received no later than July 31, 2017. Late applications will not be considered. Submit complete applications or questions to:

fellowship@evergladesfoundation.org
